BAY ARENAC BEHAVIORAL HEALTH ACCESS CENTER

Bay Arenac Behavioral Health Access Center can connect you with several different kinds of substance use disorder treatment, such as individual and group outpatient therapy, long and short-term residential therapy and detoxification provided in a residential setting. Medication-assisted treatment such as methadone and Suboxone are also offered. Women's Specialty services, co-occurring services for people with mental health and substance use disorders, case management and recovery supports are also available in addition to traditional treatment.

Please call the Access Center at 1-800-448-5498 if you are in need of substance use disorder treatment.
